PROFILE

DER AKTIONÄR is a well-established name among financial magazines in Germany. First published in 1996, Germany's leading stock market magazine is a must-read at all German stock exchanges, regularly ranking among the best-selling financial magazines.

A key feature of the weekly magazine is the model stock portfolio, which offers investors valuable guidelines. Another key feature is the unique chart check, with the editorial team publishing dozens of updates on current stock picks every week. An extensive statistics section completes the magazine.

Our goal has always been to provide retail investors with solid, financially valuable information. In addition to the print magazine DER AKTIONÄR, we offer the streaming platform DER AKTIONÄR TV as well as other digital formats covering topics such as the stock market, stocks, and investments.
